

SMALL BOY MEETS HORRIBLE DEATH

Clarence Babcock Nearly Cut In Half By An Electric Car.

WHEELS RUN OVER HIM

Carelessly Ran Into the Swiftly Moving Car and Was Knocked Down.

WAS PLAYING ON THE STREET

Clarence Babcock, seven year old son of Mr. and Mrs. Oliver C. Babcock of 107 North Jackson street met a horrible death today by being almost cut in half by an electric street car. The little fellow in company with some other boys about his own age were playing around the corner of Jackson and West Milwaukee street near King's pharmacy. Young Babcock had a penny in his hand and dropped it in the slot machine that hangs on the corner. The confection in the machine did not drop down readily and the boy shook it to make it drop. The machine came loose from its fastenings and fell to the sidewalk.

Boys Started to Run

This frightened the boys and they started to run diagonally across the street towards Grubb's clothing store. Main street car No. 6 in charge of Motorman William Charlton was coming up Milwaukee street on the regular trip. The boy did not seem to see the car in his anxiety to get away from the drug store people and ran directly in front of it. The car struck him, knocking him down and both the front and back wheels passing over his body before the car was stopped.

Screams Were Terrible

The screams uttered by the boy were something terrible and a crowd soon collected where the car was standing with the boy underneath. He lay in such a position that it was necessary to lift the car from the track to release him. A large timber was secured and the car lifted from the prostrate form.

He was picked up by tender hands and carried into Dr. J. F. Pember's office in the rear of the drug store where an examination of his injuries were made by Drs. Pember and Cunningham and everything that could possibly be done was done by the doctors to allay his sufferings.

Body Almost Cut in Two

His body was almost cut in two just above the hips and was only held together by a small portion of the flesh. The hips were crushed and dislocated and the intestines cut and torn so that there was no possible hope for his recovery.

The accident occurred about 11:30 o'clock and the boy did not lose consciousness until almost twelve. While in the doctor's office he kept asking for his mother and wanted to know if mother had come yet. He was taken to his home on North Jackson street shortly after twelve o'clock by the fire patrol wagon, where his life slowly ebbed away.

Witnesses of the Accident

Several people saw the accident and all of them tell the same story. The boy was running with some other boys about his age following him and did not seem to notice the car until it struck him.

Willie Canary, who was with him at the time said Clarence had a penny and went to get some candy out of the machine. In doing it he knocked the machine down, and Canary said some one in the drug store called to him to catch Babcock who had started to run. He took after him and the next thing he knew Babcock was under the cars.

Dr. M. A. Cunningham was coming down the street; he saw the boys running and thought they could get by the car, when suddenly he saw the boy go down and the car go over him and he heard the little victim's scream.

Conductor Saw Him Coming

William Charlton, the conductor of the car that ran the boy down said he saw the boys coming in front of the car and when he saw it was going to strike one of them he reversed and put on all force on the brake. He stopped the car in a distance of about seven feet but not until after the boy had been run over. He did all in his power to release the boy from his position from under the car. He was not running faster than usual.

A number of people saw the accident but did not think the car company was to blame, on account of the rate of speed.

Felt the Jar in the Car

A. N. Gleason, general agent for the Chicago & Northwestern road was in the car and felt the jar when the car struck the boy and the wheel passed over him. He said it

would be many a day before he forgot the boy's cries.

The employees of King's Pharmacy deny that they told the Canary boy to catch Babcock. They were all in the rear of the store when the penny-in-the-slot machine fell and by the time they reached the front door the boy was under the car.

Death Came At One O'clock

Little Clarence lingered along until one o'clock when death came as a welcome relief to his sufferings. He was conscious almost to the last and asked for his mother and water. He did not recognize his father when he came.

His mother stated that she sent the boy down town after bread for dinner and that it was on his way down that he stopped and was caught by the car.

Inquest Will Be Held

District Attorney Jackson decided to investigate the accident and a coroner's jury consisting of C. H. Burgess, Robert A. Wm. Tuckwood, John DeForest, Frank McKewen and C. H. Kueck were impaneled by Justice Jesse Earle. They went to the house this afternoon and viewed the remains and adjourned until Friday afternoon at two o'clock at Justice Earle's court. William Charlton, the conductor of the car has been laid off by Supt. Hurd pending the investigation of the accident.

Bubonic Plague in London

London, May 29.—It is officially admitted today that a case of bubonic plague exists here. The health officials state that there is no danger of the disease spreading.

LA FOLLETTE FILLS FOUR VACANCIES

New Members of the State Board of Agriculture Appointed—Coal For State Institutions.

Madison, Wis., May 29.—The contracts for the coal supply at several state institutions were awarded today by the state board of control at very favorable prices. The contracts for the School for the Blind at Janesville and the school for the Deaf at Delavan, fifteen hundred tons each of Youghihey screenings, went to Conklin & Sons, Madison at \$3.15 per ton. Governor La Follette today appointed four new members of the state board of agriculture to fill vacancies caused by the expiration of terms. Today's appointments are first district, Chas. H. Everett of Racine county, republican; second district, George Klein of Jefferson, democrat; fourth district, R. R. Hannifin, Milwaukee, republican; sixth district, Chester W. Harvey of Dodge county, democrat.

GREAT RUSH OF FOREIGN TRAVEL

Kaiser Wilhelm der Grosse Sailed with 1378 Passengers—Jam at the Pier Was Frightful.

New York, May 29.—The Kaiser Wilhelm der Grosse sailed yesterday afternoon with 1,378 passengers. Over 4,000 persons came to the pier to bid voyagers good-bye. The hour of sailing was ten a. m., but the jam was so great that the liner was fifteen minutes late in starting.

One fashionably dressed woman fainted in the crush, sinking to the pier near the gangway. Another woman shrieked as she was being almost crushed to death. The police formed a flying wedge and rescued her.

The cabins were transformed into magnificent conservatories of flowers. A beautiful basket of roses held the chief place in the flower bedecked saloon. It was for Anna held. She and her husband, Florence Ziegfeld, Jr., will pass their time in London and Paris. They said they would seek for a new play while abroad.

VIVIAN SARTORIS TO WED BALFOUR

Plans Announced for the Wedding in London of General Grant's Granddaughter.

Washington, May 29.—Mrs. Nellie Grant Sartoris has announced that the wedding of her daughter, Miss Vivian Sartoris, to Archibald Balfour will take place in London on July 11 at the home of Mrs. Gordon, a sister of the late Mr. Sartoris. It will be one of the smartest nuptial events of the London season. Miss Sartoris will be attended by her sister, Miss Rosemary, as maid of honor, and there will be a bevy of pretty and titled bridesmaids. The ushers will also be selected from the exclusive set to which Mr. Balfour belongs. The honeymoon will be spent in Scotland. In September Mr. Balfour will bring his bride to this country, where he will meet for the first time her distinguished grandmother and mother.

F. L. Stevens went to Chicago this morning on the 10:10.

STREET CARS MUST HAVE FENDERS; WOULD HAVE SAVED THAT BOY

Common Council Should Pass an Ordinance Compelling the Street Car Company to Put on These Life-Saving Appliances at Once.

There is one thing that the city should take up at once and secure some sort of an ordinance compelling the street railway company to put fenders on their cars for the protection of the lives of pedestrians. Some of the cars have no protection at all and others have a board fender that is absolutely no good if anything falls in front of the car. They are compelled by other cities to equip their cars with fender, and should be in this city.

Had the car that ran over the boy this morning been equipped with a fender the accident would not have occurred. Because a street car company that does about as it pleases in

the city of Janesville is too penurious to equip its cars with fenders the life was crushed out of the little fellow that had as much right to the streets as the car company.

He was not trying to jump onto the car but trying to cross the street. It is a wonder that more people have not been killed in this city by these cars. The Main street line has cars run over its line almost every trip at a speed of from fifteen to twenty miles an hour. There should be an ordinance governing this point but it is never enforced. It would be well for the council to take some action in this matter before any more people are killed.

TAYLOR SUCCEEDS OGDEN H. FETHERS

Orfordville Farmer Appointed on the State Board of University Regents—Woman Also Named.

Madison, Wis., May 29.—Governor La Follette has appointed Dr. Alma J. Frisbie of Milwaukee as the first woman member of the state board of university regents under the law passed at his recent session of the legislature. Dr. Frisbie is a graduate of the state university with the class of 1878 and was the preceptress of the institution for several years, and has since been practicing medicine in Milwaukee. This was a new position.

Four other regents were appointed to succeed members of the board whose terms expire, none of the old members being reappointed. The new members are:

First congressional district—H. C. Taylor of Orfordville, Rock county, succeeding Ogden Fethers of Janesville. Second district—Dwight T. Parker of Fenimore, Grant county, succeeding J. E. Morgan of Spring Green. Eighth district—James C. Kerwin of Neenah, succeeding C. A. Galaway of Fond du Lac. Ninth district—E. W. Edmunds of Oconto Falls, succeeding Orlando Clark of Appleton, Wis.

Mr. Taylor is a prominent farmer and stock raiser of Rock county. Mr. Parker is a banker and a farmer. Mr. Kerwin is one of the leading attorneys of the Fox River Valley, while Mr. Edmunds is a manufacturer.

Ohio Bank Robbed

Fostoria, O., May 29.—A branch bank of the Mechanics Banking Co. was burglarized this morning and ten thousand dollars stolen. The safe was completely wrecked. Five men in the job made their escape on a hand car.

FAIRBANKS FOR PRESIDENT

Indiana Senator is Formally Announced by Committee New Chicago, Ill., May 29.—Senator Charles W. Fairbanks of Indiana was formally announced today as a candidate for president before the republican national convention of 1904. Harry S. New, Republican national committeeman from Indianapolis, who arrived in Chicago today, is authority for the statement that Indiana will stand behind Mr. Fairbanks in the race for his honor.

"Senator Fairbanks will be supported by a solid delegation from Indiana," said Mr. New. "The whole state will be back of him at the next national convention."

SPECULATION NOT GAMBLING

Supreme Court Decides That Stock Deals Can Not Be Repudiated

Washington, D. C., May 29.—In addition to deciding the insular tariff cases the United States supreme court handed down a decision that stock speculation is not gambling—that a stock deal cannot be repudiated on the ground that it is a gambling transaction. The decision makes an award of \$14,000 to Henry T. Clews & Co., of New York.

McKinley Reaches Canton

Chicago, May 29.—The presidential train passed through Chicago early this morning but stopped only long enough to switch from one line to another. The train will stop at Canton twenty minutes today.

CUBA ACCEPTS THE PLATT AMENDMENT

ADOPTED BY NARROW MAJORITY OF ONE VOTE.

Radicals Meet Defeat—Majority Report, Carrying Explanations to Certain Clauses, Passes the Convention—Capote Breaks Tie Vote—Isle of Pines Not Turned Over.

Havana, May 29.—The Cuban legislative convention yesterday afternoon accepted the Platt amendment. The vote was almost a tie. Sixteen is the majority of the convention, and out of the twenty-nine delegates present fourteen favored and fourteen opposed the acceptance of American terms. President Capote cast the decisive vote for acceptance.

The acceptance of the Platt amendment was not unconditional or exactly as congress passed it, but was adopted in the sense explained by Secretary Root and President McKinley in Washington, and with that understanding which the convention incorporated in its resolution.

Think the Terms Are Fair

The resolutions find that those declarations constitute an authorized interpretation of the Platt amendment and that the amendment thus understood is not incompatible with the independence and sovereignty of Cuba.

The convention understands clause three on the extension of the Monroe doctrine, to mean that the United States has no more rights than in the recent intervention and exercises no protectorate or suzerainty over foreign powers without the intervention of the United States.

Subject to Future Treaty

Although the Isle of Pines is included in the limits of Cuba, and is regulated by the same government and administration, the two governments in future will adjust the title by special treaty, without prejudice to any rights which Cuba now has over the same.

The future Cuban government is empowered to negotiate with the United States a treaty which may concede sites for coaling stations upon terms to be mutually agreed upon. These stations if established, will be used solely to defend Americans upon the seas, to preserve the independence of Cuba in case of exterior aggression, and for the defense of the United States.

EFFORTS TO SETTLE MACHINISTS' STRIKE

Chicago, May 29.—The joint executive conference between the representatives of the machinists and the national metal trades association to settle local difference's is being held here today. Upon the action of this committee may depend a settlement of the trouble throughout the United States. As the manufacturers have practically agreed to stand by the local agreement as effecting the entire country. A nine hour day is likely to be granted, but trouble may arise over the wage question, some members on each side of the committee opposing a ten per cent increase.

OBSERVANCE OF MEMORIAL DAY

Tribute to Heroes Who Fell In Country's Defense 40 Years Ago.

TO DECORATE GRAVES

W. H. Sargent Post, G. A. R., Issues General Order Number 1 For the Occasion.

HOLD EXERCISES AT THE PARK

Tomorrow will be Memorial Day, the annual day when a grateful nation pauses in its whirl of progress to remember and acknowledge its ever increasing debt to the men who faced shot and shell in its defense forty years ago.

At 9 o'clock tomorrow morning members of W. H. Sargent Post No. 20, G. A. R., and W. H. Sargent Woman's Relief Corps No. 21, will visit the cemeteries and hold the beautiful ritual service in memory of the veterans for whom the final "taps" have sounded. The salute will be fired and then above each grave over which floats the stars and stripes there will be placed a wreath of evergreen, emblem of unending undying remembrance and beautiful flowers, fragrant with love.

Comrades Will Decorate

This year the hands which will place these tributes on the graves of the heroic dead will be those of their surviving comrades, who can best appreciate the sacrifices which the dead heroes made for the preservation of the union, and the loyal women of the Woman's Relief Corps. The following ladies have been appointed as superintendents in the various divisions:

First Division—Miss Ella L. Willis.
Second Division—Mrs. Lewis Trambly.
Third Division—Mrs. M. McDonald.
Fourth Division—Miss Maria Gibbs.
Fifth Division—Mrs. Maggie Baker.
Sixth Division—Mrs. P. A. McGuire.
General G. A. R. Order.
Their guides and assistants from the Grand Army have been appointed by the following general order issued by W. J. McIntyre, commander of W. H. Sargent Post:

MAY FESTIVAL BY CHILDREN'S CHOIR

ONE OF BEST CONCERTS EVER GIVEN BY LOCAL TALENT.

The Congregational Church Auditorium Was Packed, and One of the Finest Audiences Ever Assembled in the City Enjoyed The Excellent Program Thoroughly.

The May Festival given by the children's choir of the Congregational church last evening was an artistic triumph and one that was all the more satisfactory because it was a great financial success. The large church auditorium was filled to its utmost capacity and one of the finest audiences ever assembled in the city enjoyed thoroughly one of the very best concerts ever given by local talent.

The program opened with a chorus of "Land to the Leeward, Ho!" by Sullivan-Forde in which the one hundred sweet young voices were heard effectively. The children were accompanied by Mrs. F. F. Lewis, organist, Miss Jennie Spoon, pianist and orchestra of eight pieces, the orchestral arrangement having been made by J. S. Taylor.

During the evening the entire chorus sang several selections, "The Song of the Brook" by Gaul, "Spring Waltz" by Osgood, "Doan Yo Cry Ma Honey" by Noll and "Anchored" by Watson. The boys' choir sang "The Soft Shell Crab" by Chadwick and "Boat Song" by Fanning and the girls' chorus gave "At Night" by Randegger and "To a Daisy" by Dietrich. In all of the choruses there was manifest the finish, the delicacy and the excellent shading of tone seldom heard in children's voices. Their singing did not please simply because it was done by children but because it was artistic. The voices were not only sweet and melodious, but they were well used.

Miriam Tanberg, Margaret Jeffris, Lucile Murphy, Vera Hough, Marion Matheson, Grace Jeffris, Wilma Hough, Frank Blodgett, Ruth Soultman, Helen Soultman, Esther Harris, Lucia Denison and "Bob" Jeffris' cunning little tots made a decided hit in their kindergarten songs and won every heart in the audience by their cute motions while singing. The first number was "The Bird's Nest" by Jesse L. Gaynor and the second "The Slumber Islands" by Loud was particularly pleasing. The little ones went fast asleep over their dolls and then Mrs. S. T. Learned sang to them, making it a very effective number.

Mrs. Learned very kindly took the place of Miss Pearne Peake of Lake Geneva who was unable to keep her engagement on account of illness. Mrs. Learned sang two solos "A May Morning" by Denza and "Little Oh Dear" by De Koven in which her exquisite voice and charming manner so pleased the audience that an encore was demanded after each solo. Mrs. Learned responded once and was forced to acknowledge the second encore twice before the applause ceased. She received two bouquets of flowers. Mrs. W. T. Sherer presided at the piano and her accompaniments were as delightful as Mrs. Learned's singing.

Little Wilna Soverhill, the talented musician, added much to the evening's enjoyment by the violin obligato for the Kindergarten song and her violin solo "Flower Song" by Lange. Her pretty unconsciousness and pleasure in playing deepens the charm of the music which is really remarkable for so young an artist. She received some beautiful flowers and a merited encore to which she responded with "Comin' Through the Rye." Miss Mabel Woodbury, her teacher played her accompaniments. Hand in hand Ralph Soultman and Margaret Jeffris came upon the platform and Master Ralph sang a solo in a manner that would have been a credit to a much older child. He sang "If" by Cole, little Miss Margaret joining in the refrain. It was a pretty number.

The program included three vocal duets. Pianist's "The Afterglow" by Mabel Geeser and Hattie De Lisle; Bramhall's "Will My Dream Come True?" by Cora Putnam and Agnes Griebel and Kuecken's "The Hunter's Song" by Chester Morse and Hester Keller. In each instance the voices were sweet and pure and blended beautifully. The last duet was especially fine, Miss Keller's rich contralto being well carried and balancing well with Master Morse's clear soprano.

Master Morse made quite the hit of the evening his rendition of "The Swallows" by Cowen being very fine. He has a beautiful voice, his higher notes are very sweet and he controls his voice well. He responded to an insistent encore.

Mabel Geeser's sweet soprano voice

with its bird-like quality was heard at excellent advantage in her solo "The World's Awakening" by Johnson.

Oscar Halverson played violin obligatos for several of the numbers adding much to their effectiveness. Mrs. W. S. Jeffris played the piano accompaniments for all the solos and duets which were sung by members of her choir. After the concert last evening she was highly complimented on the great success achieved by "her children."

Too much credit cannot be given her for the untiring labor and the skill with which for the past three years she has carried on her labor of love in the training the children's choir of the Congregational church. The high quality of the music which the children sing and the artistic manner in which they sing speaks eloquently for her rare ability as their trainer and she has every reason to be proud of the results.

The church and all those who have ever enjoyed the children's singing certainly owe Mrs. Jeffris a great debt of gratitude for organizing and conducting the choir.

Summer Review School:
The Rock County Teachers' Institute and Summer Review school will be held at Janesville. We expect to begin July 3, (any change of date will be announced.)

The institute will be conducted by the best talent that money can buy and will continue three weeks.

The elegant high school building together with its library, as well as its being the most convenient point to get to and from by rail, makes Janesville the best place for the institute.

Watch the local paper for any desired information relative to or address the office.

NEWS AND GOSSIP AROUND THE STATE

The long drought of two months' duration at Plainfield was broken by a soaking rain Saturday night, which will be thousands of dollars' worth of good to the community. All crops had suffered greatly, especially berries and apples, and as fruit trees and berries are in blossom the rain will assure a good crop.

The contract for the construction of Plattville's new race track has been let to Williams & Sheehan of Dubuque, at the rate of 10 cents per yard, bringing the cost to about \$1,400, the contractors taking \$200 worth of stock in the association in addition to their contract, and offering to pay spot cash down for the same. Bids for the job ranged as high as \$1,900. Grading machinery is already on the ground and work has commenced.

The officers of the Milwaukee road made an inspection trip over the recently acquired North Lake branch, the old Milwaukee & Superior railway, this week, and returned very much pleased with the business prospects of the line.

The city of Delavan will hold a street fair July 2 and 3, closing with a mammoth celebration July 4. A committee will be selected to act as an executive committee, and W. H. Tyrell, M. D. Morris, and F. C. Dinsmore were appointed a nominating committee to appoint the same. The project is fairly on foot and there is little doubt but Delavan will entertain the people of this whole section on the dates mentioned.

Obstacles placed on the track of the Omaha road between Ashland and Bayfield came near wrecking a passenger train. The engine was derailed and was a complete wreck, but the passenger coaches failed to leave the track and aside from a rather severe shaking up, caused by the sudden stop, the passengers escaped without injury.

There is a Baraboo woman with a mania for shooting dogs. She resides a short distance from the city and owners of fine canines state that it is as fatal for a dog to approach her residence as for a person to enter the death valley. Several fine dogs have been missed and the latest victims have been two fine hounds owned by H. B. Strong, secretary and treasurer of the gas company.

Mayor W. S. He will probably not accept the position which has a big salary attached to it.

Sophie Hill, an Oneida squaw, recently arrested at Seymour for drunkenness and committed to the county jail in Appleton until she confesses where she got her liquor, was found

yesterday morning to be suffering from a severe wound in her foot, caused by stepping on a nail. The woman is barefooted but concealed the wound until the swelling became noticeable, and even after a physician was called objected to showing it or letting him treat it, until threatened with force. The wound is suppurating badly and there is a possibility of blood poisoning.

"WE KEEP THE QUANTITY PRICES"

Tailor-Made Suits

The sale of suits this year is unprecedented. When one stops to think that almost every woman wants one it takes a great many to supply the demand. Manufacturers have made great strides in the turning out of suits. We do not try very hard to sell suits at less than \$10, but at \$10 we show good ones, on up the scale they go 11, 12, 13, 14, 15, 16, &c. up to \$35. Black and colors in great variety. Large, medium, and small sizes. Extra nice styles for extra small women and misses. During this month and next we will make low figures on suits, to reduce stock.

Alterations Free.

We have an expert tailorless who oversees all alterations.

McCall Bazar Patterns

are fast taking precedence over all other patterns. Hundreds of people in Janesville and southern Wisconsin who formerly used other makes, are now using McCall Patterns. We daily get orders from all over the state and adjoining states for McCall PATTERNS. There is a reason for this growing popularity. All 10c and 15c, none higher.

McCall Bazar Dressmaker

Containing over 600 patterns, should be in every home. Only 15c.

Wash Summer Goods

One season seems to vie with the other in creating lovely novelties. As time wears on, manufacturers get more expert, but one might well think that they had reached the zenith of perfection, judging from the charming effects that grace the shelves and counters. This store never had as many or more beautiful conceits in cotton dress stuffs than it shows now. The DIMITIES, the... Lawns, the Tissues, the Alexandrias (silk, fine, mercerized cotton fabric), the silk warp muslins in plain, figured, and satin stripe, the silk stripe cotton grenadines, remind one of a lovely bouquet as they are mingled together on the counter.

LABOR TROUBLES.

B. C. R. & N. Strike Ends.
Cedar Rapids, Ia., May 29.—After being out twelve weeks, 400 Burlington, Cedar Rapids & Northern shop men will return to work tomorrow morning at day's wages. The men, at a general meeting tonight, voted unanimously to accept the company's proposition, which disposes of the piece-work question.

Strike Spreading in Rome.
Rome, May 29.—The masons' strike in this city became general today. All building operations have ceased, and even the work of excavating the forum has been suspended. A meeting of the various masons' unions was held today. It was estimated that at least 10,000 workmen were present.

Delay's Maine's Christening.
Philadelphia, Pa., May 29.—The new Maine is not completed and will probably not be christened until after Sept. 1. The government would not allow machine riveting as in the cruiser Variag case, and as Cramps' riveters are on a strike, the work will be delayed until after midsummer.

For World Eight-Hour Day.
London, May 29.—The international miners' conference now in session in London and which is attended by many continental delegates, passed a resolution today in favor of a universal eight-hour day.

Aerial Road in Russia.
Moscow, May 29.—The Minister of the Interior, M. Sipyagin, has accepted the plans of Engineer Hoefding's project to construct an aerial electric railway from the frontier of Finland to St. Petersburg.

Riotous Students Arrested.
Columbus, Ind., May 29.—Forty-five students of the Columbus high school, most of them members of the class that was graduated last night, were arrested yesterday afternoon by Deputy Marshal Hayes on warrants sworn out by Deputy Prosecutor Albert Phillips, charging them with participating in a riot on a public street. The arrests are the result of a stubborn class fight that took place in front of the high school building. The punishment for riot in this state is a fine not exceeding \$500, to which may be added one year imprisonment.

Prohibitionists' New Emblem.
Topeka, Kan., May 29.—The Prohibition party is the first to comply with the new law requiring political parties to adopt and file an emblem with the Secretary of State. The Prohibition State Committee yesterday filed a picture of a rising sun with the inscription, "The Day Is Dawning," as its emblem.

Murdered in Police Station.
Memphis, Tenn., May 29.—Alexander Peden was murdered last night in the police station by N. A. Gillis of Cumby, Tex. Peden was a veteran soldier. Gillis and he were intoxicated and were put in the same room. Gillis folded a cot together and with the two sticks mashed Peden's head to a jelly.

William P. Hazen, chief agent of the secret service of the government, has resigned.

SOME STRONG TESTIMONY.

Important Witness for State in Chicago's Insurance Conspiracy Case.

Chicago, May 29.—Convincing testimony that Marie Defenbach came to her death by unnatural causes was given in the insurance conspiracy case by Mrs. Antone Harzeck, who had lived on the floor above the apartments occupied by Miss Defenbach, 310 La Salle avenue, at the time of her death. There was some excitement manifest in Judge Tukey's court when Mrs. Harzeck detailed the two visits she paid to Miss Defenbach on the day of her death, and told of the hopeful condition of the sick woman early in the day and of her terrible sufferings a few hours later. Through all the long course of Mrs. Harzeck's strong testimony the defendants—Frank H. Smiley, F. Wayland Brown and Dr. Unger—squirmed in their seats, and looked appealingly at their attorneys. Mrs. Harzeck testified:

"I saw Marie about 7 o'clock the morning of August 25, 1900. She was in her room and she told me that she was feeling much better. At 11:30 p. m. the same day I heard groans coming from the flat below. I went downstairs and found Marie on the bed. She was seemingly unconscious and suffering intense agony. Her arms were moving convulsively and her eyes were set. She was writhing terribly and frothing at the mouth."

Fatal Fight at Circus.

Cincinnati, O., May 29.—In a general fight which occurred last night just outside the tent of Robinson & Stickney's dog and pony show, which was exhibiting at Price and Elberton avenues, James I. Ryan, a student, was stabbed over the heart, from which injury he died at the City Hospital. William Jeffries, colored, and Charles Wilson, white, canvas men connected with the show, were arrested and locked up charged with murder.

Fatally Hurt by Brick.

Birmingham, Ala., May 29.—Mrs. George W. Lloyd, wife of a prominent farmer at Peaceburg, Calhoun county, tried to drive away a peafowl which alighted on the chimney of her home. The bird flew when frightened and knocked off a loose brick from the chimney. Mrs. Lloyd was struck by the brick and her skull was fractured, the wound being pronounced fatal.

Weights 51 at Eight Months.

Scranton, Pa., May 29.—Probably the fattest baby in the world for her age is Frances Minnis, daughter of George Minnis and wife of Atlantic, Crawford county, just across the Mercer line. She is only eight months old, but her bust measures thirty-one inches and she weighs fifty-one and a half pounds. The beauty thief has come to stay. Unless you drive the pimples and blackheads away:

Killed Wife and Himself.

Pawtucket, R. I., May 29.—Adam Martineau of Lincoln, R. I., murdered his wife by shooting her. A farm hand who interferred was shot in the arm, and before Martineau could be caught he killed himself. He was about 35 years of age.

Colonel Michener Dies.

Washington, D. C., May 29.—Colonel Michener, aid to General Miles, died at 10:30 this morning.

How many mothers realize that when the baby's advent is expected they need strength for two instead of one. Women, weak, nervous, "just able to drag around," find themselves confronted with coming maternity. They have not strength enough for themselves, how can they have strength to give a child? We don't look for the birth of strong ideas from a weak mind. Why should we expect the birth of strong children from weak mothers?

The way to ensure health and strength to mother and child is to use Dr. Pierce's Favorite Prescription as a preparative for motherhood. It brings the mother's strength up to the requirements of nature, so that she has strength to give her child. It nourishes the nerves and so quiets them. It encourages a natural appetite and induces refreshing sleep. "Favorite Prescription" makes weak women strong and sick women well. "There is no alcohol in 'Favorite Prescription' and it is free from opium, cocaine and all other narcotics."

"I wish to let you know the great benefit my wife derived through taking your 'Favorite Prescription,'" writes Mr. Robert Harden, of Brandon, Manitoba, Box 235. "It was when her baby came. We had heard so much of your medicine that my wife decided to try it (I may say my wife's age was thirty-three and this was her first child). She commenced taking 'Favorite Prescription' five months before her child was born. We have a fine healthy girl, and we believe that this was mainly owing to the 'Favorite Prescription,' taken faithfully according to directions. We shall certainly recommend it wherever we can."

Dr. Pierce's Common Sense Medical Adviser, paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

Theories About Food

Also A Few Facts on the Same Subject.

We hear much nowadays about health foods and hygienic living, about vegetarianism and many other fads along the same line.

Restaurants may be found in the large cities where no meat, pastry or coffee is served and the food crink is in his glory, and arguments and theories galore advanced to prove that meat was never intended for human stomachs, and almost make us believe that our sturdy ancestors who lived four scores years in robust health on roast beef, pork and mutton must have been grossly ignorant of the laws of health.

Our forefathers had other things to do than formulate theories about the food they ate. A warm welcome was extended to any kind from bacon to acorns. A healthy appetite and common sense are excellent guides to follow in matters of diet, and a mixed diet of grains, fruits and meats is undoubtedly the best. As compared with grains and vegeta-

bles, meat furnishes the most nutriment in a highly concentrated form and is digested and assimilated more quickly than vegetables and grains.

Dr. Julius Remmonson on this subject says: Nervous persons, people run down in health and of low vitality should eat meat and plenty of it. If the digestion is too weak at first it may be easily corrected by the regular use of Stuart's Dyspepsia Tablets after each meal. Two of these excellent tablets taken after dinner will digest several thousand grains of meat, eggs or other animal food in three hours, and no matter how weak the stomach may be no trouble will be experienced if a regular practice is made of using Stuart's Dyspepsia Tablets because they supply the pepsin and diastase necessary to perfect digestion, and every form of indigestion will be overcome by their use.

That large class of people who come under the head of nervous dyspeptics should eat plenty of meat and insure its proper digestion by the daily use of a safe, harmless, digestive medicine like Stuart's Dyspepsia Tablets composed of the natural digestive principles, pepsin, diastase, fruit acids and salts which actually perform the work of digestion. Cheap cathartic medicines masquerading under the name of dyspepsia cures are useless for indigestion as they have absolutely no effect upon the actual digestion of the food.

Dyspepsia in all its many forms is simply a failure of the stomach to digest food and the sensible way to solve the riddle and cure the dyspepsia is to make daily use at meal time of a preparation like Stuart's Dyspepsia Tablets, which is endorsed by the medical profession and known to contain active digestive principles.

All druggists sell Stuart's Dyspepsia Tablets at 50c for full treatment. A little booklet, cause and cure of stomach trouble mailed free by addressing F. A. Stuart Co., Marshall, Mich.

NOTICE TO CONTRACTORS

STREET IMPROVEMENT. Office of Street Assessment Committee, City of Janesville, Wis., May 7, 1901.

Sealed proposals will be received at this office until the 30th day of June, 1901, at 2:00 o'clock p. m., for furnishing all material and doing all the work necessary and required to improve the following named streets, in the City of Janesville, Wisconsin, according to the respective specifications, profiles, plans and details thereof on file in the office of the city clerk of said city for the inspection of bidders, to-wit:

That portion of South Second street which extends from the westerly side of Wisconsin street to the westerly side of East street, being about 230 lineal feet; of South Third street which extends from the easterly side of South Main street to the westerly side of Jackson street, being about 1,554 lineal feet; of North First street which extends from the northerly side of Dodge street to the northerly side of North First street, being about 300 lineal feet; of Franklin street which extends from the southerly side of Pleasant street to the southerly side of Dodge street, being about 254 lineal feet; of Pleasant street which extends from the easterly side of High street to the westerly side of Mitchell's Fourth Addition, being about 1,180 lineal feet; of Academy street which extends from the southerly side of West Milwaukee street to the northerly side of Pleasant street, being about 378 lineal feet; and that portion of Maple street which extends from the southerly side of West Milwaukee street to the northerly side of Pleasant street, being about 197 lineal feet; all to be graded to a sub-grade, and surfaced with macadam, together with curbing and gutters, according to the specifications separately prepared for each of said streets.

Work shall be commenced on Pleasant, Academy and Maple streets on or before the 15th day of June, 1901, and the whole work shall be completed on or before the 1st day of September, 1901; Franklin street on or before the 15th day of July, 1901, and the whole work shall be completed on or before the 1st day of September, 1901; South Third and South Second streets on or before the 1st day of August, 1901, and the whole work shall be completed on or before the 15th day of October, 1901. Notice is hereby given that the city of Janesville as liquidated damages, the sum of twenty-five dollars per day for each and every day's delay in completing said work.

Directions to Bidders. Each bidder must accompany his bid with a contract and bond, with not less than two sureties, who shall be free holders of the state of Wisconsin, and shall justify as to their responsibility and by their several affidavits show that they are worth in the aggregate at least the amount of the entire contract price, per property not by law exempt from execution. Surety companies approved by the Street Assessment Committee will be accepted in lieu of personal sureties.

Said contract and bond, with sureties, must be completely executed on the part of the contractor, with the exception of the signature on the part of the city.

THIS IS A POSITIVE REQUIREMENT OF THE CHARTER AND MUST BE COMPLIED WITH. Bids failing to comply with the above requirements will not be considered.

No bid will be considered that does not contain prices for doing the entire work on said street, as called for in the specifications, profiles and plans.

Bidders must submit proposals to do the work according to the specifications, profiles, plans and details for each street, stating the price respectively per square yard of brick gutters; per square yard of macadam pavement; per cubic yard of aggregate; per lineal foot for furnishing stone curbing in place; per lineal foot for furnishing combination curbing and gutter in place; per lineal foot for furnishing cement curbing in place and per lineal foot for resetting curbing, so far as the same are applicable to said streets, under said specifications, profiles and plans.

The bids for the work and material on each of said streets will be canvassed separately and considered in the aggregate based on the estimated quantities named in the specifications and awarded as separate contracts and on each of said streets. All bids and the accompanying contract and bond must be written on the blanks prepared by the undersigned for the purpose, and prices should be stated in writing and in figures. All bonds must have attached thereon internal revenue stamps to the amount of fifty cents.

All bids should be marked on the envelope "Street Assessment Committee," with the name of the street marked thereon on which said bid is made, and filed in the City Clerk's office, in said city.

Bids for proposals and blank contract and bonds for each street will be furnished on application to the city clerk. The bids, when the lowest ones, will be decided by the Street Assessment Committee. The said committee reserves the right to reject any and all bids.

THE NEW CREED.

The Presbyterian church is to be congratulated on the action of the assembly now in convention at Philadelphia. The revision of the creed of this excellent denomination, has been a bone of contention for some time, and during the heat of the long continued discussion the church has lost some of its best pulpit talent, and estranged some of its most worthy members.

While stability is always commendable, and while the old landmarks of the father are sacred, there are some things about the creeds of various churches that are obsolete, because the intelligence of the age neither believes in them, nor endorses them.

This class of dogmas are worse than a dead letter, because they are burlesqued by people in the churches, and are a bar to the admission of many intelligent conscientious people who refuse to subscribe to a doctrine that they do not believe.

The Methodist church has been trying for years to get up courage to eliminate from its discipline, a class of rules that interfere with the exercise of individual conscience, on questions of expediency. These rules that have to do with innocent amusements, are generally ignored, and have been the means of keeping more young people out of the church during the last twenty-five years, than it has gained by evangelistic work. They will be abolished at the next session of the general conference, as they should have been years ago.

The old doctrine of Calvinism and the other inconsistencies connected with it, has been a great stumbling block to the Presbyterian church. When the new creed is announced it should occasion rejoicing, as it will, throughout the ranks of the church.

There may be something dangerous about the doctrine of personal liberty, so far as freedom of religious thought is concerned, but the age is progressive, and there is nothing more offensive to the minds of thoughtful, intelligent people, than religious intolerance.

Theology is questioned more closely today than ever before and there is a prevailing disposition to ignore and reject every proposition that does not appeal to reason and hard common sense.

The foundation of truth is not affected, and the essentials of church creeds are not disturbed, but he frills and ornaments that may have been attractive a century ago, have lost their usefulness, and every church could lop off some of them to advantage.

SUPREME COURT DECISION.

The decision of the Supreme Court on the relations sustained by this country to our insular possessions will be read with interest. This decision has long been pending, and much speculation has existed concerning it.

While the opinion of the court was divided, the majority was so strong that public opinion will have no occasion to criticize the decision.

The test case was made against the collector of the port of New York, who was made defendant for the government. Suit was brought to recover money paid for revenues the claim being made that the Paris agreement allowed Spain to export goods, duty free to its former possessions for ten years.

The supreme court maintained that Porto Rico is a territory and as such, a part of the United States as much as any other territory which practically means that Spain can export goods to this country, duty free, for ten years.

The Paris agreement, of course, had especially to do with the Philippine Islands, but Porto Rico sustains the same relations, and Cuba will be in the same list if annexation follows.

While these conditions may not have been fully anticipated by the Paris convention their fulfillment will not be considered a grave disaster, and the results will not interfere with the general prosperity of the country.

The concessions were granted at a time when Spain was not only humiliated, but on the verge of bankruptcy and dissolution, as the result of war and internal strife.

America was not out for conquest and what she acquired in the way of territory was the only logical outcome of Cuba's independence.

The same humane spirit that prompted the war, influenced the Paris commission in settling questions of indemnity. There was nothing tyrannical about it, and there was no disposition manifest to make unreasonable demands simply because we possessed the power to enforce them.

There is no occasion for another

session of congress to reconsider the question. Trade will adapt itself to the new relations, and the sense of security experienced by the new possessions will contribute largely to their civilization.

The Ohio law has proved an effective law for lynchings and ought to be copied by neighboring states. Mobs cannot succeed without some measure of local support and countenance, and to make the community pay damages for these outbreaks, touches the pocket of every tax payer, and influences him against lawlessness.

Germany has learned two lessons from the United States. First, not to send her war ships in front of Geo. Dewey's guns. Second, not to send her privates past our sentries. The latter was filled with lead, and the former would have been filled with iron and steel, had she made the attempt.

The Theosophists in session at Chicago are opposed to war and to nationality as adverse to the brotherhood of man. So long as man is wicked both will continue to exist, and our friends can find more practical work in ameliorating the condition of their fellow men who are more unfortunate than they.

The supreme court sustains congress, and holds the Foraker act as constitutional. This decision disposes of many ugly possibilities, in regard to our tariff if Cuba should be annexed, and in regard to our insular possessions.

An American soldier knows his duty and proposes to do it, even if a German officer has to be shot in the performance. Emperor William is too good a soldier to attach any blame to our sentry at Pekin for the unfortunate episode.

If Mr. Morgan is sincere in his desire to present the Mannheim collection, valued at \$3,000,000, to the Metropolitan museum, the treasury department ought to relieve him of the necessary tax, which would be enormous.

Mr. Hay has at last recognized the American sentiment in regard to the Nicaraguan canal, and has proposed a treaty, truly American, to which England ought not object.

Miss Rand must be a wonderful woman if she comes up to Dr. Heron's ideal of a companion, also if she can see her ideal in the doctor.

Cuba would be better off if it joined the family circle.

Crows as Enemies of Terrapins.

The crow is the evil genius of the turtle just as of the diamond back and other terrapins. When the warm days of spring come and the female terrapins and turtles leave their beds in the marsh, the crow goes on guard, knowing that a season of feasting is at hand. Both terrapins and turtles seek the warm, sandy uplands near the shore to deposit their eggs. A hole is dug several inches deep and from 20 to 30 oblong white eggs are deposited and then the nest is filled or covered with sand. Having neatly piled the sand over the eggs the turtle raises herself just as high as is possible, then comes down with a heavy thud on the sand. This is continued until the sand is quite hard, when the eggs are left for the sun to hatch.

In the meantime the crow has been on guard, and by means of his sharp bill and strong claws the work of breaking into the treasure house of the unsuspecting turtle is quickly accomplished and the feast is soon over. The crow is considered by many to be the greatest enemy the diamond back has. It is an easily established fact that the crow destroys thousands of the eggs of all kinds of terrapins, not making an exception of the diamond back.—Baltimore Sun.

A Rule of Thumb.

The thumb is a guide to a knowledge of the mental condition of the owner. He who is in full possession of all his faculties makes good use of the thumb, but wherever there is a tendency to insanity this generally useful and active member falls out of work.

A physician in charge of a lunatic asylum states positively that if you see a person whose thumb remains inactive—standing at right angles and talking no part in the act of writing, salutation or any other manual exercise—you may be sure that he has a diseased mind.

He may talk intelligently and appear sane in every respect, but undoubtedly a tinge of madness is lurking within his brain.—Exchange.

Carpenters for the Navy.

The government finds it exceedingly difficult to secure properly qualified carpenters for the navy. Out of twenty-one applicants recently examined at the Washington navy yard only three were able to pass. Carpenters are paid from \$1,200 to \$1,800 a year, according to length of service, with added percentage for longevity and commutation for quarters while on shore.

Japanese Monument to Perry.

There is to be erected at Kurinama, Japan, a monument to Commodore Perry, U. S. N., who forty-eight years ago, as American envoy, concluded the first treaty of commerce and friendly intercourse between the United States and Japan. A site for the monument has been selected and it is the present plan to hold the unveiling ceremony on the next anniversary of Commodore Perry's visit—the 14th of the coming July.

GROWTH OF CROPS CHECKED BY COLD

VERY LOW TEMPERATURE HAS INJURIOUS EFFECT.

Damage From Rains in South Atlantic District Which Suffers From Too Much Moisture—Lake Region and Upper Missouri Valley Visited by Heavy Frosts.

Washington, D. C., May 29.—Following is the weekly crop report issued by the climate and crop division of the Weather bureau:

In nearly all districts east of the Rocky Mountains the week has been abnormally cool, with excessive rains from the south and lower lake region, and a continuation of drought conditions in portions of the Missouri, Central and lower Mississippi valleys, and portions of Texas. A large amount of damage has been done by freshets in Virginia, the Carolinas, Georgia, and Tennessee. Frosts were of general occurrence throughout the Rocky Mountain districts and in the upper Missouri Valley and upper lake region, causing slight damage in the most of these districts. On the Pacific coast the week was generally favorable, except in California, where it was unseasonably cool, and rains caused serious injury to hay and fruit.

Corn has made slow growth in the central Mississippi valleys, but in the Southern states a general improvement is reported. In Iowa and Nebraska the stands are good and cultivation is in progress. Planting generally is finished, except over the northern portion of the Middle Atlantic states and New England, where this work has been much retarded. Spring wheat is much in need of rain over the western portion of the crop is promising. The oat crop has improved. Harvesting is in general progress in the Southern states. A general improvement in the condition of cotton is indicated.

Transplanting of tobacco is in general progress in the Ohio Valley and Middle Atlantic states.

As a whole the fruit outlook is scarcely as promising as was previously indicated. Insects are injuring orchards in Kansas and Mis-

Going to Build

Whether you contemplate building at an early date or not, you should have a copy of "BAKER'S TWENTIETH CENTURY HOMES." It is the most complete book of Architectural Designs published.

Nearly 150 pages, printed on heavy enamel paper. It is not a theoretical book. Every design shown is from the actual working plans of buildings that have been erected under the direction of our supervising architect. Consequently it is practical in every respect.

It embraces subjects from an attractive cottage at a few hundred dollars to a modern, up-to-date residence, costing many thousand dollars.

The perspectives are full-page illustrations while the floor plans are half-page sketches. The descriptions are complete and easily understood; in fact it is an ideal book of practical, up-to-date designs and intelligent descriptions.

The regular price is \$2.00 but we would like to present you a copy free of charge.

If you could call at our office we would take pleasure in presenting you a copy free of charge. As this is not possible, we will send you a copy by express, charges prepaid upon receipt of only 25c, to cover cost of transportation.

THE NEWS FROM COUNTY TOWNS

CLINTON.

Clinton, May 28—The funeral of Mr. James Irish was held at M. E. church Thursday afternoon at two o'clock. It was very fitting that the exercises should be held in that place, where he had always delighted to be, and where his pleasant face and genial manner made the stranger feel welcome, as he greeted them at the doorway. The society will feel his loss very keenly. Mr. Irish was for many years postmaster of our village and was always keenly alive to public interest. His wife preceded him to his silent land only a few months. Three daughters survive him, Mrs. Nettie Stearns of Nebraska, Mrs. E. P. Smith and Mrs. R. U. Cheever of Clinton.

Drs. C. W. Collier and A. S. Woolston attended the annual meeting of the Dental association at Highland Home on Tuesday, Wednesday and Thursday of last week. Dr. Collier was appointed a delegate to attend the national association which meets in Milwaukee this year.

The G. A. R's, accompanied by the Foresters attended memorial services in a body at the M. E. church last Sunday morning. Rev. Dr. McChesney gave a very fine address which was pronounced above the average. A pretty song service was rendered by the choir.

If pleasant and everything favorable the memorial day exercises will be held at the cemetery, the procession forming on Main street at one o'clock. Should the weather be inclement all will repair to the Baptist church where there will be plenty of music and an address by Senator Whitehead, after which the graves will be decorated.

Mr. Woolston is rapidly completing his house on Durand street which A. P. Rice and family expect to occupy.

The smallpox scare has almost subsided.

We are glad to note the steps taken by the C. M. & St. P. Ry. Co., in improving and beautifying the grounds west of the depot.

Quarantine has been suspended from the home of J. L. Pangborn and Miss Pryor has entirely recovered from her sickness. She will probably return to her school duties in a few days. No new cases are reported.

A light frost was reported Saturday morning, but no serious damage was done.

Mrs. Weaver is still at Darien caring for her daughter who was struck by lightning, whose condition is improving steadily.

Mrs. James Winnegar and Foster visited Mrs. A. J. Harris in Janesville last Friday and Saturday.

Mrs. Pease and son, Elmer, of Milwaukee, are here, called by the death of Mr. Irish.

Rev. Wm. Moore and Mrs. Inman attended the district convention at Edgerton Tuesday and Wednesday. The latter also attended the W. C. T. U. state convention held in Janesville, on Thursday.

Mr. and Mrs. Cheever and Miss Anna Campbell were in Janesville Saturday on business.

Messrs. Whitehead & Matheson Janesville were here last Thursday.

BARKER'S CORNERS.

Barker's Corners, May 28—We had a heavy frost in some places Saturday night. Beans that were up were frozen black. Corn was touched in some places.

The fishing party at Wm. Cox's was a success both in attendance and in the good time had in fishing.

Mrs. W. H. Taylor and daughter, Elsie, spent Saturday and Sunday with Deina people.

Peter Mucens is spending a few days at O. V. Dutton's.

Frank McDermott is still very sick, that is his leg is very bad. They had to break it and set it again, so he is not improving as fast as he would like to be.

HARMONY.

Harmony, May 28—W. J. Stockman who has been very ill is steadily improving.

Several from this way attended the W. C. T. U. convention in Janesville. E. G. Hoppie lost a valuable horse the past week.

Vern Wanfle purchased three cows of W. J. Stockman the past week.

Jack Frost came in good earnest Saturday night. The thermometer stood at 32 degrees and things look black and wilted in consequence.

Lu. Bond has returned to his work in Beloit.

The applicants for diplomas wrote their examination paper at the school house in District No. 3 on Friday and Saturday.

FOOTVILLE.

Footville, May 28—Don't forget the Decoration day exercises at the Christian church Thursday at 10:30 a. m.

Mrs. George Parmley has returned from Cuba and is visiting at Grant Fisher's and Earnest Parmley's.

Seek Relief!

The great proportion of women who suffer never make a serious effort to benefit themselves. The most of them go on paying no attention to their little menstrual disorders, believing they will eventually wear off. They grow worse and worse every day. At the period of menstruation a woman is peculiarly susceptible to cold and other external influences and it is also the most favorable time for the development of hidden disease germs which may be lurking in the system. Any physician knows that disordered menstruation, falling of the womb and leucorrhoea are blighting lives in almost every home. No woman should neglect herself a moment after she sees indications of female disease. Almost instant relief can be secured by the use of

WINE OF CARDUI

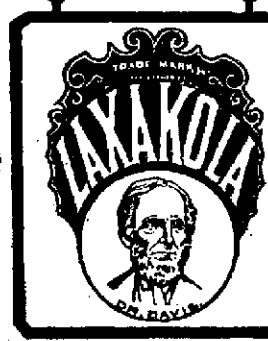

It will relieve you right in your own home. Will you accept the testimony of Mrs. Beiger and thousands of other women and really seek relief today? All druggists sell \$1.00 bottles of Wine of Cardui.

100 Chicago Street, Fort Wayne, Ind., March 27, 1900.
Your Wine of Cardui has done a world of good for me. I have used five bottles of the Wine and one package of Thedford's Black-Draught. And since I have started to use it I will not be without it in the house. It helped my sister in Toledo, who did not menstruate as she ought. She was sixteen years of age and nothing else helped her. I was in a very bad state myself before I used your medicine, but I found relief in three days. And now I feel like a new woman and do all my housework and washing, which I could not do before I took Wine of Cardui. I would be very glad to write any poor woman and tell her how I suffered before I used Wine of Cardui.

The Sign of Health

Dizziness and headaches cannot be cured in any other manner than by getting at the root of the trouble and curing the cause.

The cause is almost invariably a disordered digestive system, or else a bad stomach and clogged bowels are responsible. Laxakola, the great Tonic Laxative, is an unfailing cure.

It works gently and painlessly and at the same time acts as a tonic to the bowels, stomach, liver and kidneys and builds up the system instead of weakening and irritating it as other laxatives do.

Its remarkable properties reach every organ—the liver, kidneys and stomach, nerve, heart and brain—and removes the cause of your debilitated condition. This is the only way to secure an absolute and permanent cure. Laxakola is the only medicine for babies, is purely vegetable and its action is gentle, speedy and effective. For coated tongue, simple fevers, colds, chills and languid feeling it is the ideal medicine.

It tastes good. Children like it and ask for it.

LAXAKOLA

FOR

WOMEN.

It is a gentle and safe remedy to use during all conditions of health of the female sex whenever their peculiar and delicate constitutions require a mild and efficient laxative and tonic, and is invaluable in assisting to relieve obstructions which otherwise would lead to more or less severe pain or illness. It quickens the circulation, removes muddy and bilious conditions of the skin and cures sick headache too certainly by removing the cause.

To women suffering from chronic constipation, headaches, biliousness, dizziness, sadness of the skin and dyspepsia, Laxakola will invariably bring relief. At druggists, 25¢ and 50¢, or send for free sample to THE LAXAKOLA CO., 132 Nassau Street, N. Y., or 356 Dearborn Street, Chicago.

TWO VITAL INSULAR CASES

Yet Remain to Be Settled by the Supreme Court.

PHILIPPINE TARIFF IN ONE.

"Fourteen Diamond Rings," and "Second Dooley" Go Over to the Fall Term of Court—Consensus of Opinion on Monday Decisions.

Washington, May 29.—By its various decisions the supreme court is quite generally admitted to have decided:

That congress has the authority within certain limitations to make laws suitable for governing territorial possessions.

That the Foraker act is a law within the authority of congress to enact, and is therefore constitutional.

That Porto Rico (and the Philippines) are not foreign territory within the meaning of that word in the Dingley tariff law; and that therefore tariff duties levied under that law before the passage of the Foraker act are illegal, and must be refunded.

That (dicta obiter) congress would not have authority to pass any law abridging the rights of the people of the new possessions to free speech, freedom of conscience in religious matter or any of the other immunities in the bill of rights.

That the constitutional limitations apply to congress and that this feature of the constitution goes to the new possessions of its own vigor and without specific act of congress.

Opinion is divided as to whether the Spooner act, delegating to the president authority to govern the Philippines, makes good this defect. William F. Chandler and others hold that this would be a delegation of the legislative function and that there is no alternative between free trade at once with the Philippines and an extra session of congress to pass a Philippine tariff.

Justice White was particularly eloquent and forceful in expounding his views, showing a depth of conviction and breadth of learning that will give him a high standing among the great jurists of the world.

In his dissenting opinion Justice Harlan was passionate and oratorical. It is declared by people who heard his famous dissent in the income tax decision that he was even more earnest and vehement than he was on the other occasion. Justice Brewer, who also dissented from the majority opinion, spoke not a word during the entire proceedings, nor did Justice Shiras, who agreed with the majority decision. Chief Justice Fuller's dissent is regarded as a fine specimen of composition, and it was delivered with a calm demeanor that is characteristic of the learned head of the court.

After a session of three minutes the United States supreme court adjourned until the second Monday in October. The brief session was devoted to the formal disposition of motions. The two remaining insular cases, one of them that of the "14 diamond rings," and the other known as "the second Dooley case," failed to receive attention, and they go over until the next term.

The cases not included in Monday's decisions involve the questions of duties on goods entering Porto Rico from the United States, and the second Dooley case is expected to determine whether such a duty comes within the constitutional prohibition against export duties.

The status of the Philippine tariffs will be determined by the decision of the 14 diamond rings case, in which a soldier contends for the right to bring dutiable goods into the United States from the Philippines free of duty. The court is expected to make a distinction in the case of the Philippines on account of the existence of a state of war.

VICTORY, SAYS GRIGGS.

Ex-Attorney-General Declares Supreme Court Sustains the Administration.

New York, May 29.—Ex-Attorney-General Griggs in an interview upon the supreme court Porto Rican decision said:

"It is a splendid victory for the administration on the vital principle of expansion. It is unnecessary for me to say that I am thoroughly satisfied with the result. It is a clear-cut victory for the government on the only really important point involved."

"Three distinct classes of action were involved; one protesting against the collection of tariff upon imports from Porto Rico after the date of our armed occupancy of the island and before the date of the ratification of the treaty of peace; another protesting against tariff charges on imports between the ratifications and the passage of the Foraker act and a third attacking the Foraker law as unconstitutional."

"The decision scores a victory for the administration in the first of these classes and upon the all-important third."

"The anti-administration party wins in the second class. That triumph is a mere matter of dollars and cents. Importers will get back the money paid in tariff between the ratification and the passage of the Foraker act. Importers who paid without protesting will not get their money back."

"The court decides that the Foraker act is constitutional, that this country has the legal right to govern its new possessions as territories, to make spe-

cial laws for them and to tax their products. This has been the contention of the administration from the very start.

Discussing the Court Bill.

Manila, May 29.—The Philippine commission has begun the discussion of the bill to reorganize the courts. Concerning the criticisms of the non-appointment of native judges, Mr. Ide said the commission was following its instructions, to the effect that other things being equal, Filipinos should receive the appointments; but the Filipinos had proved incompetent from the outset.

Native speakers welcomed the Anglo-Saxon judicial procedure. All the important American judges were averse to the provisions making Spanish the language to be used in the courts for a guage to be used in the courts for a period of five years, but the commission desires to avoid inconvenience to the lawyers.

HAD LITTLE FOOD ON VOYAGE.

Porto Ricans Reach Honolulu in a Sad Condition.

Honolulu, May 16, via San Francisco.

May 29.—Inspection of the Porto Rican immigrants brought here by the steamer Colon shows that they are in such state from the need of food on their voyage that they must be held at the quarantine station and fed until they regain strength sufficient to enable them to bear the journey to the other islands and to the plantations on which they will work. A joint committee of the legislature yesterday paid a visit to quarantine island to inspect the immigrants. The trip of the legislators resulted in a disagreement as to the condition of the immigrants and their value as citizens of Hawaii. The three senators who were on the committee have made unanimous report to the effect that the Porto Ricans are all right, but it is understood that John Emmeluth of the house committee will present a report severely re-nouncing the planters for bringing the Porto Ricans here and on account of alleged ill-treatment of them when they arrive.

MEANT TO JUMP FROM BRIDGE

Brooklyn Man Contemplates Suicide, but Accident Saves Him.

New York, May 29.—Mannuel Maruskie of Brooklyn tried to commit suicide late last night by jumping from the Brooklyn bridge. Just before a train was due to leave the Manhattan end of the bridge he jumped from the platform and ran along the ties. In jumping over a rail he tripped and fell. To save himself he caught the third rail with both hands. He struggled hard, but could not get away. Inspectors Kasler and Lyons saw him fall, and, while one ran to him, the other ran to the switchhouse and turned off the electric power. Maruskie's hands were severely burned and he suffered shock enough to kill an ordinary man. He was arrested for attempting suicide. He said he was tired of living and was trying to get a place to jump when he fell and caught the electric rail. The police say he is demented.

CROKER'S ABSENCE A MYSTERY.

New York, May 29.—A dispatch to the Tribune from London says: A great mystery is made at Moat House of Mr. Croker's absence. He is reported to have left home on Saturday for a fortnight's enjoyment of the races, including Hurst Park and Epsom, but the protestations were so emphatic that the villagers suspected that he had sailed for America on the St. Louis, getting off so quietly as to elude observation. He had several horses entered for the Hurst Park races, where two of them were in third place Monday, after being well backed.

Boat a Wreck; Four Dead.

Racine, Wis., May 29.—Ten miles northeast of Milwaukee, bottom up and water logged, lies the three-masted schooner H. Rand of Racine, wrecked by the gale over Lake Michigan. Three men and a woman, who were on the boat, are supposed to be dead. They are: Captain Ralph Jefferson, commander of the Rand, 55 years old, of Racine; Miss Daisy Jefferson, 27 years old, daughter of Captain Jefferson, cook of schooner; Harry Leuchs, 29 years old, Milwaukee, sailor; Frank Seabert, 27 years old, Sheboygan, sailor.

Steel-Trust Steamer Aground.

Amherstburg, Ont., May 29.—The steamer Grecian of the steel-trust fleet is hard aground in the middle ground of Pelee passage. She is out eighteen inches forward and twelve inches aft. Tugs and men went to her assistance and the cargo of iron ore will be jettisoned to save the boat. There is a heavy sea in Lake Erie, and the steamer will doubtless be badly damaged before she is released.

New Cardinal Receives.

Philadelphia, May 29.—Cardinal Martinelli was the center of a brilliant reception at Villa Nova College yesterday. Two thousand Catholics, including clergy and laity, assembled to honor the distinguished prelate. The reception in the new college hall was the first gathering held there.

Celebrates 100th Birthday.

Danville, Ill., May 29.—James Kildee celebrated his one hundredth birthday here yesterday by a dinner given him by sisters of the St. Elizabeth hospital. He was born in Ireland and came to America when a small boy. He is in excellent health and bids fair to live several years.

PRESBYTERIANS END WORK

Debate Over Composition of Revision Committee.

INTRODUCE PERSONALITIES.

Closing Hours of the Assembly Devoted to Routine Matters—Temperance Committee Urges Government to Suppress Liquor Traffic in New Possessions.

Philadelphia, Pa., May 29.—The one hundred and thirteenth Presbyterian general assembly was dissolved at 6:15 o'clock last night by Moderator Minton, after having been in session for nearly two weeks. Yesterday, for the first time since the assembly convened, the equanimity of the commissioners was disturbed by the introduction of personalities. The trouble occurred during the discussion on the chairmanship of the revision committee. The Rev. Dr. J. D. Moffat suggested a change in the minutes of yesterday's session so the records would show that a new committee had been appointed to revise the creed regardless of the old committee, of which the Rev. Dr. Charles A. Dickey of this city was chairman. His suggestion was adopted and the Rev. Dr. James E. Moffat of Cumberland, Md., moved that Moderator Minton be elected chairman of the committee. This incensed the friends of Dr. Dickey, and, although Dr. Moffat's motion prevailed, the subject was revived later in the session by the Rev. Dr. S. J. Nicolls of St. Louis. Dr. Nicolls moved to reconsider the motion, but as he had not been present during the earlier debate he was declared out of order. The motion to reconsider was then renewed by the Rev. W. D. Crockett of Canton, Pa., and many of the commissioners participated in the debate that followed. Realizing the delicacy of his position, Moderator Minton relinquished the chair to Vice Moderator Pitcairn. The matter was finally adjusted by Dr. Dickey, who advised the assembly against reconsidering the motion, saying he was confident there had been no attempt to cast any reflection upon him, but that the commissioners merely desired to honor his successor as moderator. Dr. Dickey's friends wanted the election of the chairman to be made by the committee, in which event it is conceded Dr. Dickey would have been re-elected. The motion, however, was lost. There are still six members of the revision committee to be appointed, but Moderator Minton said today he had not yet made any selection. The closing hours of the assembly were devoted to routine matters. The report of the committee on temperance urged ministers to call the attention of Congressmen in their district to the necessity for the completion of legislation now pending regarding the drink traffic in the islands of the Pacific. The report also urges the government to take effective action toward the suppression of the liquor traffic in all the new possessions. The committee on the Peoria plan of selecting standing committees approved the system. In accordance with the resolution offered yesterday by John H. Converse of this city a special committee on evangelistic work was appointed.

NARROW ESCAPE OF A CREW.

Steamer at Baltimore Dock Suddenly Heels Over in Deep Water.

Baltimore, Md., May 29.—A peculiar accident which came near causing loss of life occurred about 2 o'clock at William Skinner & Sons Shipbuilding and Drydock company's yards at Cross street. The steamship Hudson of the Merchants and Miners' Transportation company's fleet, without any apparent reason, suddenly fell over on her side in thirty feet of water.

All the members of the crew were on board at the time of the accident, many of them having narrow escapes from drowning.

The Hudson is a freight and passenger vessel and plies between Baltimore and Savannah. The cause of the accident and extent of damage cannot be ascertained.

Presidency of a Railroad.

New York, May 29.—The presidency of the New York Central, to succeed Samuel R. Callaway, who resigns to become head of the American Locomotive company, has been offered to W. H. Newman, president of the Lake Shore and Michigan Southern railway. Mr. Newman was in the city today and in consultation with W. K. Vanderbilt and other directors of the New York Central. It is understood that he will accept it.

Negro 108 Years Old in Jail.

Murphysboro, Ill., May 29.—The oldest prisoner ever lodged in the Jackson County jail was locked up here, when John Jackson, colored, was brought from Carbondale charged with assault with deadly weapons. He is 108 years old and the oldest man in the country.

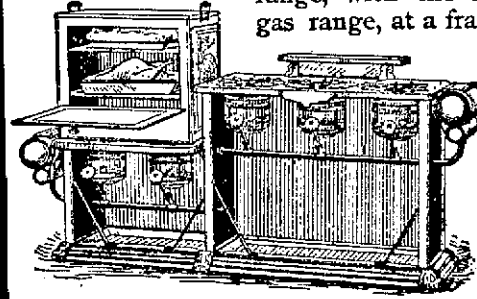

Fight a Running Battle.

Cincinnati, O., May 29.—A bloody running battle between negroes, which ended in the murder of Charles Cleveland by Ben Smith, took place last evening on the pike between Erlanger and Florence, Ky. The fight originated at Florence over a colored woman.

Gentlemen:—

I enclose you contract for the supply of coffee for the Bailey Catering Company, at the Pan-American Exposition, to be held in Buffalo during the coming summer. In the selection of your coffee, in competition with samples submitted by a number of the largest importers and roasters in the country, I have been governed entirely by the quality of the same. My experience with the coffee supplied to me during the past year or so by your house has been so uniformly satisfactory that I feel that I could do no better than to complete this arrangement with you. The amount of coffee which this involves will probably amount to as much or more than has ever been supplied to one consumer in the same length of time, and I congratulate you upon your enterprise in having secured this contract.

Very truly,

THE FIRE RECORD.

Cremated While They Slept.
Watsela, Ill., May 29.—Mrs. Mary Hershberger, a widow; Mrs. Bert Maggee, her daughter, and a 6-year-old son of the latter woman were cremated in the burning of Mrs. Hershberger's farm house, five miles northeast of here. Mrs. Hershberger and her little grandson slept upstairs, and Bert Maggee and his wife and daughter downstairs.

Pratt Grain Elevators Burn.
Monmouth, Ill., May 29.—Fire destroyed the immense elevators at Swan Creek, this county, belonging to the Seth F. Pratt estate. Two thousand bushels of corn and 4,000 bushels of oats were burned. Much surrounding property was destroyed. The insurance will amount to \$1,450, while the total loss is estimated at \$20,000. Origin was probably incendiary.

Brooms Go Up in Smoke.
Paris, Ill., May 29.—Fire destroyed the plant of the Merkle Wiley broom factory here. The office and warehouses were saved. This was the second largest broom factory in the world, employing 200 hands. The loss is estimated to be \$20,000, fully covered by insurance. Work on rebuilding the plant will commence at once.

Big Fire at Kindred, N. D.
Kindred, N. D., May 29.—Fire here early this morning destroyed twenty-two buildings, causing a loss of \$100,000, with one-third insurance. Nearly all the buildings in three business blocks were burned.

Coal Yards Burned.
Spokane, Wash., May 29.—The Great Northern's coal chutes and cages, with five cars of loaded coal, were destroyed by fire at Hillyard this morning. The loss is \$125,000. Prompt action saved the car shops.

North Dakota Town Suffers.
Kindred, N. D., May 29.—Fire here destroyed twenty-two buildings at a loss of \$100,000, with less than one-third insurance. Nearly all the buildings in three business blocks were burned.

MUCH COFFEE BROUGHT IN.

Monday's Receipts at New York and New Orleans a Record-Breaker.
New York, May 29.—The Herald says: Receipts of coffee yesterday were a record-breaker at this port, as well as in New Orleans. A fleet of five steamers brought in 16,500 bags, which many brokers stated were the largest receipts for any one day in the history of the trade. These large shipments are explained by the fact that two big interests are opposing each other in the effort on one side to bear the market and the other to build it. High prices, the bulls state, will soon come about, as planters will curtail production, owing to the small and unremunerative prices now realized. The bears, on the other hand, maintain that there will be no decrease in production, as it will more than keep pace with the demand.

LATEST FOREIGN NEWS.

Whitechapel Woman Slain.
London, May 29.—A sensational murder and case of mutilation has occurred in a low lodging house in Dorset street, Whitechapel close to the scene of the "Jack the Ripper" murders of 1888. The victim, a woman named Annie Austin, 28 years old, was found dying in a bedroom on Sunday morning and was removed to a hospital, where she died.

China Agrees to Indemnity.
Peking, May 29.—The Chinese plenipotentiaries have informed the Ministers of the powers that the court has notified them of a willingness to pay indemnity to the amount of 450,000,000 taels, but the court objects to 4 per cent interest.

Revisits Home of His Youth.
Jeffersonville, Ind., May 29.—Winfield S. Stratton, the multi-millionaire of Cripple Creek, has arrived in the city. The object of his visit is to see his sister, Mrs. Harriet Hamien, who is expected to die from cancer. This is the second time Stratton has visited his old home since the time twenty-five years ago when after a quarrel with his father he left the parental roof to seek his fortune in the west. The first time he returned was three years ago, when he slipped in and out, and not even his relatives knew of his visit until he had gone.

Man's Body on Trout Hook.
LaSalle, Ill., May 29.—The body of Bert T. Johnson, a special agent for the International Correspondence school of Scranton, Pa., was found in the Illinois river near the mouth of the Illinois and Michigan canal. The fishermen were taking in a trout line when they were horrified to find the body of a man fast on one of the hooks. Johnson disappeared from the Wisconsin hotel in LaSalle last Wednesday night. During the day he had been checked up by a district agent and was alleged to have been found short in his accounts.

Tragic Ending to Picnic.
Wichita, Kan., May 29.—At Nardin, Okla., a party of young people went picnicking and when a picture was being made of the group Miss Nora Wolfrum asked Miss Bishop to point a rifle at her to add to the romance of the scene. Miss Bishop did so. The rifle was discharged accidentally and Miss Wolfrum was killed instantly, the bullet piercing her heart.

To Succeed J. F. Goddard.
New York, May 29.—It is reported that Nathan Guilford, traffic manager of the New York Central, will succeed the late J. F. Goddard as commissioner of the Trunk Line Association.

Sustaining Power of Ice.
Two-inch ice will sustain a man or properly spaced infantry; four-inch ice will carry a man on horseback or cavalry or light guns; six-inch ice, heavy field guns, such as eighty-pounders; eight-inch ice, a battery of artillery, with carriages and horses, but not over 1,000 pounds a square foot on sledges, and ten-inch ice sustains an army or an innumerable multitude. On fifteen-inch ice a railway could be built.

Old Seeds Lose Vitality.
Before the French Academy of Sciences recently was discussed the question of the germinating power of grains of wheat taken from the old Egyptian tombs. It has been said that wheat thus found has been made to grow, but the truth is, that the albumen of wheat 6,000 years old has been found unchanged, but not so the embryo; the latter had lost its vitality, and would not germinate.

Shoots Pasture's Nephew.
Paris, May 29.—At the Pasteur laboratory a man, probably inspired with the anti-Semitic feeling, fired four shots from a revolver into the body of Dr. Loir, a nephew of Dr. Pasteur. The bullets were extracted and it is hoped the doctor will recover. The would-be assassin was arrested.

To Make Storage Batteries.
Trenton, N. J., May 29.—The Edison Storage Battery Company, capital \$1,000,000, was incorporated here yesterday to manufacture storage batteries under patents of Thomas A. Edison.

FOR A CHILD

who is "not doing well"—the condition occurs now and then with all children.

Scott's emulsion of cod-liver oil is a food that begins to build you up at once—of course, it don't show at once.

"Not doing well" means that the child is not getting the good of his food. Not today, or this week; it may have been going on for a month; before it begins to show in the child's condition.

You want him to get back to turning his usual food into strength.

You want the food that begins to build, up at once.

We'll send you a little to try, if you like.

Buy Your Carriages Right

FINE LOOKING CARRIAGES

Are Not Always Fine Carriages.

There's probably more humbuggery in carriage manufacture than in a great many other things one has to buy. Paint and putty will cover a multitude of imperfections.

The only safe way in buying carriages is to go to the deal whom you know to be reliable, or has a reputation for reliability. He must retain his reputation by handling reliable goods.

We pride ourselves on having gained such a reputation—and propose to maintain it. Come and see our stock of

Carriages AND Harness...

BORT, BAILEY & CO. LACES

We have them, and such a line. All kinds and descriptions, the serpentine bands, insertings, and edges in white, cream, butter and linen color and block. Our way of making laces is different from most merchants, we add a fair average dry goods profit to ours. Most merchants expect to double or most double their money on laces, therefore we save you big money even if the quantity you want is small.

NEW and BEAUTIFUL FANS

Every lady wants a fan. For a little money you can get one of us. We have white fans in the dainty French designs, satin fans with beautiful carved sticks, gauze fans with the new dresden sticks, hand painted fans, tasy and artistic, real ostrich feather fans. An immense line of Japanese fans in all the new shapes and designs.

TRY us on fans, you will at once be convinced that we show the representative line and at right prices.

SENATOR TILLMAN IS FULL OF FIGHT

The South Carolina Statesman Issues a
Forcible Address to His Constitu-
ents, the People.

Columbia, S. C., May 29.—Senators
McLaurin and Tillman both had
something to say today. The for-
mer made an earnest protest to State
Chairman Jones against holding the
primary in Augusta, saying he had
resigned expressly to avoid a sum-
mer campaign with Tillman and that
he wanted to meet him alone.

Senator Tillman gave out this eve-
ning an address to the people of
South Carolina. He announced his
candidacy for re-election. The pre-
cipitation of a campaign on the peo-
ple would have been inexcusable, he
said, but for the conditions which
have come about. He recites that
early in 1899 his colleague severed
himself from his party, persistently
antagonized it in all his public ut-
terances and acts. He disregarded
the Kansas City platform and felt
under no obligations to obey the will
of the people.

PHOTOGRAPHS SHOW SNOW ON THE MOON

Pictures Prove Moisture—Scientists
Thought That Body Had No
Atmosphere.

Cambridge, Mass., May 29.—Prof.
W. H. Pickering of the Harvard ob-
servatory, who has been making as-
tronomical observations in Jamaica,
West Indies, for several months, is
home for a few weeks. He brought
among other material a series of pho-
tographs of the moon, which appear
to establish the remarkable and in-
teresting fact that there is snow on
the moon.

This fact was suggested about a
year ago by Professor Pickering and
while in Jamaica he made a special
study of this feature, adopting a
method that would afford fuller data.
The result is an informing atlas of
the moon's surface and an exceed-
ingly beautiful contribution as well to
what may be called astronomical art.

The method adopted was to take
ninety photographs of the moon at
lunar sunrise, noon and sunset and
half way in the two intervals. Not
all the myriad objects that may be
identified on the moon's surface have
been subjected as yet to the vigorous
examination that will be made, but
several of the more prominent moun-
tains, craters, plains, etc., have been
studied.

FORCE MOROCCO TO YIELD TO FRANCE

The Way is Now Clear to Permit the
Conquest of All of Southern
Algeria.

Paris, May 29.—The cruiser Pothu-
au has left Tangier for Mazagan,
where the court of the sultan is as-
sembled.

Morocco, it is now asserted, gives
satisfaction to all the demands of
France, not only in what concerns
the Paul Ponzet affair, in which a
planter and his son-in-law were killed
and his two daughters carried off,
and the capture of Boucouyas, but
also on all questions concerning the
Algerian-Moroccan frontier.

Before accepting the French con-
ditions, which he knew would be the
end of Moroccan independence, the
Sultan asked England to interfere,
but Lord Lansdowne replied it was
impossible for England to take any
measures at present, so as to avoid
war with France the sultan yielded.

France is now free to continue the
conquest of southern Algeria.
With French supremacy in Algeria,
Tunis, and Morocco the French gov-
ernment will completely control the
Mediterranean, diminishing the im-
portance of Gibraltar.

Mr. Towne left today for New
York upon business in connection
with the new company that he is pro-
moting, and of which he will be the
head. Mr. Towne and those asso-
ciated with him have an option upon
300,000 acres of oil lands in Texas
and they are organizing to purchase
and operate them.

ECZEMA

Eczema sets the skin on fire. The acid poisons in
the blood are forced out through the pores of the skin,
causing intense redness, burning and itching. So terrible
is the itching at times, especially when the body is over-
heated, that the almost distracted sufferer feels that he
could tear the skin to pieces, and that he must scratch or
go crazy. He knows from experience that this only
makes matters worse, but, made desperate by the terrible
burning and itching, he is for the time being indifferent to after effects. There
are several forms of Eczema, the moist, or weeping kind, that comes in little pus-
tules which discharge a watery, sticky fluid, which dries and peels off in bran-like
scales. So profuse is the discharge at times that large scabs or crusts form, which
are both painful and troublesome, and not easily removed. Red, disfiguring bumps
and sores are symptoms of Eczema. The dry form usually attacks the head,
hands and feet; the skin, becoming hard and rough, often cracking open and
bleeding, and attended with much itching. Eczema depends upon a poisoned con-
dition of the blood, and local

Mr. L. Marno, Escondido, San Diego County,
Cal., writes: My body broke out with a rash
or eruption which in spite of all efforts to cure
continued to get worse. The itching, especially
at night, was simply terrible; it would almost
disappear at times, only to return worse than
ever. I had tried many highly recommended
preparations without benefit, and hearing of S.
S. S. determined to give it a fair trial, and was
inexpressibly delighted when a few bottles
cured me entirely, removing every blemish and
pimple from my body. I shall not fail to recom-
mend S. S. S. whenever an opportunity occurs.

forcing the poison back into the blood. S. S. S. antitoxins and neutralizes the acid
poisons and drives out of the circulation all impurities and humors, and the pure,
rich blood that is the result of the diseased skin quickly allays the inflammation,
opens the clogged up pores, and the skin becomes soft, smooth and ready to perform
its proper functions. To be rid of Eczema you must first purify and build up the
blood, and nothing so surely and effectually does this as S. S. S., the only guaran-
teed purely vegetable blood purifier. Send for our book on blood and skin diseases,
and write our physicians for any information or advice you may desire. Medical
advice and book free. THE SWIFT SPECIFIC CO., ATLANTA, GA.

AIMED AT MASONS AND ODD FELLOWS

United Presbyterian General Assembly
Refuses Secret Society Mem-
bership in Church.

Des Moines, Iowa, May 29.—The
General Assembly of the United
Presbyterian church of North Amer-
ica here today voted to adopt the re-
port of the Judiciary committee on
the interpretation of the fifteenth ar-
ticle on testimony of the church
which bars Masons and Odd Fellows
from the church and will drive out
the members of those orders who are
now members of the church. The
vote on the adoption of the report
was 90 to 63.

In general terms the article de-
bars from the church members of
secret orders "which require oaths to
obey unknown obligations and those
which inculcate a Christless religion."
The adoption of the report today is
aimed principally at the Masons and
Odd Fellows. It was expressly stat-
ed in the assembly that members of
the Grand Army of the Republic and
of labor unions are not placed under
the ban of the church.
